1. Purpose

- 1.1 This report identifies the projected outturn position for the current financial year for the Housing Revenue Account (HRA). Appendix 1 of the report provides further background information. The report also refers to management action being taken in response to the forecast and to minimise the impact on the Council's HRA working balances at the end of the financial year.

2. Recommendations

- 2.1 Cabinet to note the report and the forecast overspend of £838k on the Net Cost of Services.

3. Issues and Choices

3.1 Report Background

- 3.1.1 The Council approved the 2009/10 HRA Budget on 19th February 2009. The 2009/10 budget preparation process delivered a balanced budget.

3.2 Issues

- 3.2.1 Budget Managers, in conjunction with Finance, have undertaken a review to identify any emerging issues that cannot be contained within the approved budget with appropriate management action. Appendix 1 presents the identified variations from the approved budget that are giving rise to a forecast net overspend of £838k for Net Cost of Services.
- 3.2.2 Working Balances - It should be noted that Working Balances carried forward from outturn are higher than the budget by £160k. This variance was detailed in the HRA Budget 2008/09 Outturn Report presented to Cabinet on 29th June 2009. There was an additional £2.493m moved into earmarked reserves.
- 3.2.3 Housing Restructure - A fundamental review of the structure of the Housing Service has been undertaken. There has been no overall net increase in the cost of services.
- 3.2.4 HRA Subsidy & Dwelling Rent Income – net forecast underspend of £203k. The forecast figures reflect the Council's decision to reduce the approved rent increase (5.65% average) and implement a lower increase (approx' 2.82% average) from May 2009 in light of the Governments announcements post budget setting. The impact is lower than budgeted rental debits due (£910k), offset by a reduction in the amount of HRA negative subsidy payable to CLG (-£1,113k).
- 3.2.5 Repairs and Maintenance – forecast overspend of £950k. This forecast reflects the trend of the current level of expenditure on void properties and responsive repairs to housing stock. This forecast will be subject to further ongoing scrutiny to determine the level of capitalisation of costs and any other factors that can mitigate the projected overspend.
- 3.2.6 General Management – forecast overspend of £46k. Additional printing costs (£6k) are anticipated by the Customer Engagement Team to meet the costs of the quarterly "My Homes" newsletter sent to residents. Also reflects prior year costs relating to the Path Trainee Scheme that have not been budgeted for in the current year.
- 3.2.7 Rents Rates Taxes & Other Charges – forecast overspend of £50k. This reflects the estimated increase in Council Tax due on empty properties, This is as a result of a change to the Council Tax rules that no longer allow relief to be claimed on properties that have been vacant for longer than six months.

3.3 Other Areas for Information

- 3.3.1 An emerging issue has been identified relating to the settlement of equal pay claims. Due to ongoing negotiations, no figures have yet been included in the budget forecasts for this issue.
- 3.3.2 As indicated above, managers are already taking action to minimise the overall net impact on HRA working balances. This includes identifying where there is scope for efficiencies without detriment to public service delivery, and capitalisation of specific costs. Managers must continue to rigorously assess areas in which further efficiencies can be achieved to manage forecast overspends within the overall budget. Particular attention should be given to management of the employee establishment.

3.4 HRA Capital Programme Reserve

- 3.4.1 The opening balance on the Capital Programme Reserve for 2009/10 is £7m.
- 3.4.2 The Reserve has been set aside to fund future Capital Programmes and is considered prudent in order to support the delivery of the outcomes of the HRA Asset Management Strategy and the HRA Business Plan.

3.5 Leaseholder Capital Works Reserve

- 3.5.1 The opening balance on the Leaseholder Capital Works Reserve for 2009/10 is £1m.
- 3.5.2 The Reserve was set up in 2007/08 (see Cabinet Report 26th June 2008), in anticipation of the requirement for a sinking fund or similar mechanism to account for changes made for capital works and the actual costs of Capital repairs. A Leaseholder charging review is being undertaken and will be subject to a separate report when complete.

3.6 HRA Working Balances

- 3.6.1 The opening HRA Balance for 2009/10 is -£6,124k. The forecast Outturn for the year is -£5,360k, showing a net decrease to the Working Balance of £765k. This represents a decrease of £838k from the budgeted increase of £83k (see Appendix 1). This is summarised in the table below. The forecast Outturn position will be subject to continued and increasing scrutiny as the financial year progresses and more detailed analysis is possible.

Table 1 HRA Working Balances

	Revised £000	Forecast £000	Variance £000
Opening Balance	(6,124)	(6,124)	
Net Transfer (to) / from working balances	(83)	765	838
Working Balance C/Fwd	(6,207)	(5,360)	838

3.7 Choices(Options)

- 3.7.1 Cabinet is invited to note the report and the actions being taken to contain net expenditure to minimise the impact on the HRA's working balances at the end of the financial year.
- 3.7.2 Options for further constraining expenditure without detriment to front line service delivery must be considered corporately to address the projected net overspend.
