## **7.0 Policy Considerations**

7.1 Northampton Borough Council Statement of Licensing Policy

7.2 s.182 Guidance Licensing Act 2003 (April 2018 edition).

Section 11 & 13 gives guidance for determination of this application.

Subsections 11.16 to 11.28 highlights the elements of the Guidance that are most relevant with respect to this application. This is not exhaustive and the guidance should be considered fully prior to making decisions with respect to applications.

## **8.0 Committee**

Each application must be considered on its own merits and action should only be taken if it is appropriate for the promotion of the licensing objectives. The Sub-committee should ensure that any steps which it takes are proportionate to address the issues giving rise to the review. Further, any conditions attached to the licence must be tailored to the individual style and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed, may be unlawful where they cannot be shown to be necessary for the promotion of the licensing objectives in any individual case.
